Mincon™

MINCON ADAPTIVE CONTROL

**More control.
Fewer hands-on adjustments.**

Mincon Adaptive Control brings hydraulics, software and operator controls together in one integrated mast upgrade.

Fine-tune drilling parameters, repeat your settings and manage mast functions from the remote.

KEY DETAILS

- Fine-tune feed, rotation and down pressure.
- Set and repeat drilling parameters with autodrill.
- Push-button hole flushing.
- Reduce hands-on adjustments and operator fatigue.
- Switch between carriers with managed hydraulic flow.
- Support upgrades and accessories.
